

# SF-Rima - Project Report # 20

## Project:

### Brasada Ranch Resort

Powell Butte, Oregon

20,000 sq.ft. SF-Rima™

Brasada Ranch is situated northeast of Bend in the Central Oregon high desert, with views to backdrops of the Cascade Mountains and Powell Butte. This resort sits 3,500 feet above sea level on 1,800 acres and will include some 750 upscale single family homes and 150 Ranch Cabins.

Brasada Ranch, a luxurious outdoor recreation and golf community, proved that green building can be just gorgeous. The developer, JELD-WEN Community group, included sustainable building features, among them SF-Rima™ permeable pavements.

These golf carts are waiting to be driven to the 18-hole golf course

All commercial buildings will earn some level of LEED certification. The Discovery Center earned the LEED Gold award. All homes are constructed to Earth Advantage

specifications.

The first 30 feet of every driveway are required to be paved with SF-Rima™.
